About Us

What started out as a letter of support to The V Foundation for Cancer Research turned into an organized show of support in 2004 when a group of players, coaches, parents, friends and supporters formed the Philadelphia Friends of V in Lower Makefield, Pennsylvania and Mercer County, New Jersey.

During the past 11 years we have garnered national and community support and generated over \$250,000.00 for cancer research.

Those monies were raised through a number of local community-based events that leverages the legacy of the late Jim Valvano and his famous "Don't Give Up...Don't Ever Give Up!"[®] speech he made at the ESPY awards shortly before he passed from this deadly disease. Valvano vowed to start a foundation for research to fund research in 1993. Our fundraising goes to that foundation. During all of our events throughout the year, we strive to educate our community about the need for and positive impacts of cancer research. In addition to the signature events outlined on the next page, please see the backcover for other Philadelphia Friends of V initiatives that we support.

Would your business or organization benefit from:
